

## **St Patrick's C of E Primary School**

### **SCHOOL VISION**

**We want every child to feel valued and cared for and to understand that they are special to God, so that they can explore the world confidently, showing tolerance and respect towards others and with all the knowledge and skills needed to have a fulfilling life**

### **Christian Values**

Schools and teachers are a major influence on the developing values of children and young people. Children learn values at school from relationships, everyday classroom interactions from the examples set by adults and from more direct education led by teachers.

Our Christian Values Education underpins everything we do at St Patrick's School. Each half term we focus on one value in depth. We think about where this value is shown in the Bible and how Jesus showed them to other people. We also look at how they affect our everyday lives and build our characters.
